

How to install Apeos 7580 printer driver on Windows 11

Google search FujiFilm Support and Drivers

The screenshot shows a Google search for "fujifilm support & drivers". The search bar at the top contains the text "fujifilm support & drivers". Below the search bar, there are navigation tabs: "AI 模式", "全部" (selected), "購物", "圖片", "影片", "短片", "新聞", "更多", and "工具". The search results are displayed in Chinese. The first result is from Fujifilm [Global] with the URL "https://support-fb.fujifilm.com › setupSupport". It has a title "支援與驅動程式" (Support & Drivers) and a description: "您好，有什麼可以幫您？... 我們的服務時間為週一至週五上午8:00至下午8:00，假日休息。點擊「開始聊天」後，即代表本人自願提供以下信息，並同意並接受... 的條款和條件...". The second result is also from Fujifilm [Global] with the URL "https://support-fb.fujifilm.com › setup...". It has a title "Support & Drivers" and a description: "Which product do I have? Error Code Search · Easy Setup Download. Alternative content. [Select product type](#). Multi-function Printers; Printers; Software ...". An orange callout box with a pointer to the second result contains the text "Select 'Support & Drivers'".

The screenshot shows the FujiFilm Support & Drivers website. The main heading is "Support & Drivers". Below it, there is a search bar with the placeholder text "Enter product name or number". The search bar contains the text "7580". To the right of the search bar is a green "Search" button. Below the search bar, there is a dropdown menu showing the search results: "Apeos 7580" and "Apeos C7580". An orange callout box with a pointer to "Apeos 7580" contains the text "Search '7580' and select 'Apeos 7580'". To the right of the search bar, there are links: "Which product do I have?", "Error Code Search", and "Easy Setup Download". Below the search bar, there is a section titled "Select model" with a dropdown menu showing "Select product type and family first". At the bottom of the page, there are links for "Printers" and "Software".
